NASHVILLE'S COOL CATS

Travel back in time with the Country Music Hall of Fame and Museum. Revisit a time when legendary performers flocked to the Music City to make their mark by recording with some of Nashville's best studio musicians—the “cats.” On March 27, the museum debuts “Dylan, Cash, and the Nashville Cats: A New Music City,” an exhibit with listening stations and cuts from *The Johnny Cash Show*. Over the course of its two-year run, the exhibit will feature concerts by past “cats,” instrument demonstrations, and film screenings. countrymusichalloffame.org
