LUCERO ANNOUNCES 20TH ANNIVERSARY FALL 2018 TOUR

**AMERICAN SONGWRITER PREMIERES “COVER ME” FROM
ANTICIPATED NEW ALBUM *AMONG THE GHOSTS* DUE OUT AUGUST 3RD**

Nashville, TN – Memphis rock/alt country quintet Lucero has announced 2018 fall tour dates in support of their upcoming album *Among the Ghosts*, which releases on August 3rd via Liberty & Lament/Thirty Tigers. The anticipated new album has already received positive responses, including early coverage from [Billboard](#), [Garden & Gun](#), [Rolling Stone Country](#) and [Brooklyn Vegan](#), with more to come. *American Songwriter* posted an exclusive premiere of Lucero’s new track “Cover Me”. Click [HERE](#) to listen.

Celebrating 20 years together, Lucero returns to their early rock n’ roll days for the band’s ninth studio album as they pull back on the big arrangements and Memphis-styled horns of their recent work. With lead singer/songwriter Ben Nichols taking a more observational approach, *Among the Ghosts* showcases his penchant for creating hauntingly vivid imagery with literary-inspired storytelling steeped in Southern Gothic vignettes. The result is an album that is more core Lucero and yet not quite like anything the band has done in recent years. *Among the Ghosts* is the sound of a band going back to their roots to discover a fresh perspective and cement their legacy for years to come. In recognition of their 20 year anniversary, Lucero just released a home movie-style video featuring entertaining personal footage captured during their earlier days set to the track “For The Lonely Ones”. [View Here](#).

Lucero has remained firmly rooted in their blue-collar ethos for two decades, building a loyal legion of fans along the way with their gritty, high-powered live performances and communal atmosphere. Keeping one foot firmly planted in a foundation of Memphis rock and soul, the band consistently brings it night after night, playing over 100 shows a year and continuing to pack houses all over. Lucero’s longevity and ability to evolve while engaging fans both new and old, proves that even after all this time they remain a relevant, dynamic force with staying power.
