The tip jar has been an extremely important function for *Gimme Radio*, as listener support of the artists has become extremely important during these troubled times. With a virtual tip jar, fans have generously paid out over \$37,000 to artists thus far. This DIY spirit echoes throughout *Gimme Radio*, as fans eagerly encourage the musicians, similar to early days in clubs.

*Gimme Country* is one of the flagship stations of *Gimme Radio*, which focuses on building a community of passionate fans. *Gimme Country* and the other flagship station *Gimme Metal* have live-feeds for fans to interact with other fans, the DJs, and directly with the

artists they love. It's a truly unique fan experience that cannot be found on any other online music service. *Gimme Radio* strives to serve the underserved fans and artists. Playing the legacy artists (and not just their hits), embracing the outlaws and outsiders and showcasing the up-and-comers. That's *Gimme Radio*.

### **About *Gimme Radio*:**

Founded by digital music veterans from Apple Music, Google Play, Beats Music and Rhapsody, *Gimme Radio* is the ultimate music service for the true music fan. As the only online music service designed with the idea of community and to "serve the underserved". *Gimme Radio* delivers listeners music from the past, present and up-and-coming acts. *Gimme Radio* launched its first community in June of 2017: the world's first 24/7 metal-focused service (also available for iOS and Android app). Fans tuned in to hear world class DJs playing metal they can't hear anywhere else - for free. And *Gimme Radio* allows the fans and the DJs/artists to communicate directly with one another in a live feed, real time, as the music is being played.

*Gimme Radio* currently offers the unique musical experiences of *Gimme Metal* and *Gimme Country* with upcoming plans to expand genres and launch new channels within genres. *Gimme Radio* believes in the passion of the music community to give its listeners great programming - not algorithms. That's why every song played on *Gimme Radio* is hand-selected by the musicians, music journalists, producers, labels and tastemakers that music fans already know and trust. *Gimme Radio* is also dedicated to building a community of fans within the service. On *Gimme Radio*, listeners, DJs and artists can all engage in a conversation around the music - as it's playing. And *Gimme Radio's* business model puts the focus back on the music: selling vinyl records of whatever the DJ is playing, and other collectible goods that fans crave.
