“Like John Prine, Carll has a clever, concise style of communicating serious concepts, frequently through dark humor, displaying world-weary truths underneath wry lyrics.” – American Songwriter

Nashville, TN – Grammy-nominated artist Hayes Carll has released the pensive new single “We’re Only Human.” The song is the title track from his forthcoming album, *We’re Only Human*, which comes out August 8th on Hwy 87 Records/Thirty Tigers.

The reflective track is a reminder that as human beings we are not perfect and, for the most part, that’s alright. Sometimes we need to give ourselves a little break. The lyrics address the strengths, vulnerabilities, fears, emotions, doubts, struggles, confusion and desires that we all live with in some capacity. In the end, so much of it is what unites us.

*But we’re only human / Nothing more / Not far removed from the Garden of Eden
And God only knows what before / We’ll do most anything to avoid the pain
Hiding our hearts and casting the blame / Six thousand tongues, but we’re all the same
Ain’t no need to carry that shame / ‘Cuz we’re only human*

“We’ve spent most of our time on this planet just tryin’ to survive,” says Carll. “Now that we’ve halfway figured that part out, we’re left with the rest of it — love, loss, meaning, mess. There’s no universal manual for being human. We all stumble. We all fall short. So why not have a little grace for ourselves and others as we try to navigate life?”

Throughout his critically acclaimed, award-winning career, Hayes Carll’s songs allow us to take a good look at ourselves through his character narratives and sage perspectives. On *We’re Only Human*, he turns the mirror back on himself for the most deeply introspective and reflective work of his career. *We’re Only Human* is a thoughtful and deeply personal album, but it is a work with Carll’s signature all over it as it overflows with his extraordinary balance of thoughtful lyrics, grit, tenderness and sardonic wit.

We’re Only Human is the long-awaited follow up to 2021’s critically acclaimed *You Get It All*. The album garnered high praise from the media, including *Rolling Stone*, *The Associated Press*, *American Songwriter*, *No Depression*, *Holler*, *Glide Magazine* and many more ([See Highlights](#)).
