*"It is both vintage Carll and something brand new and unexplored...That Carll charisma is on greater display on 'We're Only Human' than on any other album in his catalog."* – Rolling Stone

*"In short, his new LP is the kind of thing the world needs right now."*  
– American Songwriter

*"...one of modern Americana's genuine masterpieces..."* – Holler

Nashville, TN – Celebrated, Grammy-nominated artist Hayes Carll will make his debut appearance on *CBS Saturday Morning* this Saturday, August 23rd. Carll and his band will perform three songs from his critically acclaimed new album *We're Only Human* (released August 8th via Hwy 87/Thirty Tigers).

Carll will kick off an extensive headlining tour in support of *We're Only Human* on September 4th in his hometown of Houston, TX, with dates that run through November (see full list of dates below). Carll will perform in Nashville on September 11th as part of the 2025 AmericanaFest, and he will also be a presenter at the Americana Honors & Awards at the Ryman Auditorium on September 10th.

*"As the title implies, album number ten is Carll's most vulnerable and transparent to date—and that's saying a lot for a storyteller with his track record for honesty...his best work."* – Magnet Magazine

Throughout Hayes Carll's career he has crafted songs filled with clever character narratives and sage perspectives while looking outward. On *We're Only Human* he looks deeply inward for the most introspective and personal work he has created. His songs brim with pensive lyrics, grit and, of course, just the right touch of sardonic wit.

*We're Only Human* remains in the Top 5 on both the Americana Album and Singles charts. The album has garnered unanimous praise from the press, including *Rolling Stone*, *NPR Music*, *No Depression*, *American Songwriter*, *Magnet Magazine*, *Glide Magazine*, *Holler*, *Saving Country Music*, *Chorus.fm*, *Americana Highways*, *Twangville* and so many more. *"He's been cranking out smart, funny, witty records that invite, the kind of ballpark comparisons to all-time greats like Lyle Lovett and Randy Newman. Hayes Carll's new record is full of rollicking and commentary-packed songs about the state of humanity in the modern world."* – NPR Music

*"It's one of the year's best albums."* – Folk Alley

*On 'We're Only Human,' Hayes Carll offers an honest and authentic reflection of himself and the world....[he] digs deep into his soul to create the most personal music of his career."* – No Depression
