Nashville, TN – Acclaimed band Daniel Donato's Cosmic Country has joined forces with multi-platinum artist Elle King on a captivating new rendition of his melody rich song "Another Dimension," which was released today. King's soulful vocals add new colors to the beautiful song, which originally appeared on the group's new album *Horizons* (Retrace Music). Listen to "Another Dimension" [HERE](#).

"Another Dimension is aimed at uncovering more reality to the word 'love.' Love is creative, and primary to all that is real," Donato says. "Through our love that we share, we can transcend time and space and be unified in spirit with whomever receives the love we give. Love is freedom, and there is another dimension upon dimension to it. Elle King's soaring spirit and graceful vocals makes this duet a sincerely Cosmic piece of music."

Released in August, *Horizons* finds Daniel Donato's Cosmic Country – Daniel Donato (lead vocals/guitar), Nathan "Sugar Legg" Aronowitz (keyboards/vocals), Will "Mustang" McGee (bass/vocals), and William "Bronco" Clark (drums & percussion) – diving deep into a well of roots, country, rock, bluegrass and funk, while infusing it with their signature style of Cosmic Country.

Upon its release, *Horizons* garnered high critical praise with features and reviews in outlets such as *Rolling Stone*, *Relix*, *Saving Country Music*, *Magnet*, *Goldmine*, *Twangville*, *The Tennessean*, *Grateful Web* and more ([See Highlights](#)). In September, Donato was the subject of features in [Premier Guitar](#) and [The Bluegrass Situation](#). The band will be recording their second appearance on *CBS Saturday Morning* in late October, with a November air date (TBD).
